No. 5 Yiheyuan Road, Haidian District, Beijing 100871, P.R. China

Research Interests

Sustainable food system transformations; Global food supply chains, international trade, and environmental spillovers; Climate change mitigation and air and water pollution control; Interactions among food security, environmental sustainability, and public health; Integrated environmental-economic-health modelling of food systems

Professional Experience

- **College of Environmental Sciences and Engineering, Peking University** *04/2026-03/2028 (expected)*
  Postdoctoral Researcher with the Boya Postdoctoral Fellowship Beijing, China
  - **Supervisor:** Dr. Hancheng Dai

Education

- **Wageningen School of Social Sciences, Wageningen University & Research** *09/2020-01/2026*
  PhD of Economics in Environmental Economics and Natural Resources Wageningen, the Netherlands
  - **Supervisor:** Dr. Xueqin Zhu, Dr. Hans-Peter Weikard, Prof. Dr. Oene Oenema, and Prof. Dr. Yong Hou
  - **Program:** The Sino-Dutch Agriculture Green Development (AGD) PhD program [Link]
  - **Dissertation:** Towards sustainable food systems in China: insights from an integrated environmental-economic modelling approach *(submitted in September 2025 and defended in January 2026)* [Link]
- **School of Veterinary Medicine, University of California, Davis** *10/2024-01/2025*
  Visiting PhD Student Davis, the United States
  - **Supervisor:** Dr. Luis M. Peña-Lévano
- **College of Resources and Environmental Sciences, China Agricultural University** *09/2020-08/2021*
  Visiting PhD Student Beijing, China
  - **Supervisor:** Prof. Dr. Yong Hou
- **College of Resources and Environmental Sciences, China Agricultural University** *09/2018-06/2020*
  Master of Agriculture in Plant Nutrition Beijing, China
  - **Supervisor:** Prof. Dr. Yong Hou and Dr. Hongliang Wang
  - **Dissertation:** Nitrogen footprint of China's pig production and mitigation measures through feed management
- **College of Resources, Hunan Agricultural University** *09/2014-06/2018*
  Bachelor of Agriculture in Agricultural Resources and Environment Changsha, China
  - **Dual Bachelor:** Dual Bachelor of Arts in English

[F-2] **Long, W.**, Zhu, X.*, Hou, Y.*, Peña-Lévano, L. M., Garcia-Covarrubias L., Boy, K.-F. (2026). Trade-induced land-use change may reshape the environmental performance of China's dietary and afforestation policies with implications for the 2°C climate target. [*Full paper available upon request*].

*Presentations: The XVIII EAAE Congress (Bonn, Germany) [Poster; 08/2025]; Land Management for Sustainability (LAMASUS) Summer School 2026 (Laxenburg, Austria) [Poster; 06/2026]; The International Food and Agribusiness Management Association (IFAMA) 2026 World Conference (Cork, Ireland) [Oral; 06/2026]; The 7th World Congress of Environmental and Resource Economists (WCERE) (Carcavelos, Portugal) [Oral; 07/2026]; The 2026 Agricultural & Applied Economics Association (AAEA) Annual Meeting, (Kansas, the United States) [Oral; 07/2026]

[F-1] Lan, Y.#, **Long, W.#**, Zamani, O., Chai, L., Zhuang, M., Fu, B., Yang, Y., Liu, G.G., Xie, Y.*, Dai, H.* (2026). Joint fertilizer and food trade disruptions at the Strait of Hormuz amplify global food insecurity. [*Full paper available upon request*].

Grants and Awards

- The First Place Best Paper Award at the IFAMA 2026 World Conference (1st out of 440+ papers) *06/2026*
- Boya Postdoctoral Fellowship at Peking University (380 fellowships each year) *12/2025*
- Junior Researcher Grant from WASS for the four-month research at UC Davis (4,000 €; PI) *07/2024*
- Travel Grant from the LEB Travel Fund to participate in the XVII EAAE Congress (750 €; PI) *06/2023*
- PhD Full Scholarship from China Scholarship Council (CSC) for PhD study at Wageningen University *12/2020*
- Excellent Master's Degree Thesis from the Chinese Society of Plant Nutrition and Fertiliser Science (Top 1%)*08/2020*

Teaching and Mentoring Experience

- **Teaching assistant:** Economic Modelling of Sustainability Challenges (Wageningen, the Netherlands) *2023-2024*
- **Teaching assistant:** Principles of Climate Change Economics and Policy (Wageningen, the Netherlands) *2022*
- **Co-supervisor of Master Thesis:** 3 Master thesis completed (Wageningen, the Netherlands) *2022-2024*
- **Chair of Master Thesis Ring:** Organised weekly writing sessions for a year (Wageningen, the Netherlands) *2022*

Academic Services

- **Early Career Editorial Board Member:** Carbon Footprints (2026–2028)
- **Peer-reviewed Journal Article Reviewer:** Nature Food (2025)
- **Conference Parallel Session Chair and Discussant:** The 29th Annual Conference of the EAERE (2024)
- **Conference Paper Reviewer:** The XVIII EAAE Congress (2025)
- **Conference Abstract Reviewer:** The 2024, 2025, and 2026 AAEA Annual Meetings (2024-2026)

Skills

- **Programming:** General Algebraic Modeling System (GAMS, advanced, e.g. model establishment), General Equilibrium Modelling PACKage (GEMPACK, intermediate), and R (intermediate).
- **Modelling:** Applied general equilibrium (AGE) modelling, life cycle assessment (LCA), input-output (I-O) analysis, material flow analysis (MFA), and meta-analysis.
- **Software:** ArcGIS, Simapro, Github, Latex, and Microsoft Office.
- **Languages:** Native to Mandarin Chinese. Strong reading, writing, and speaking competencies in English.
